RN FOR EMERGENCY MEDICAL SERVICE & MILITARY PERSONNEL

Welcome

On behalf of the School of Health Professions, thank you for your interest in the Registered Nursing for Emergency Medical Service and Military Personnel cohort. Applicants in this program do not compete for admission with the general nursing applicant population but compete within the cohort itself. Students accepted into this cohort complete the entire, two-year, registered nursing curriculum.

Please carefully review the information contained within this guide to ensure you have completed all steps required for admissions consideration.

I wish you the best with submission of your admissions application.

Catonsville RN Program Director,
Dr. Betty Webster

Essex RN Program Director,
Dr. Stephanie Graham

Program Description

This cohort is an admission option into the Registered Nursing program for EMT or higher and service member or military personnel. The RN program is a two year Associate of Science program with clinical placements typically found within the Baltimore County Metropolitan area. Admitted students are expected to participate within the program and at assigned clinical placements for the entirety of their time within the program.

If you are interested in financial benefits, applicants must pursue CCBC Financial Aid or Veterans Services as these processes are separate from the RN admission process.

Students have the option to enter one of the following nursing options. Catonsville Day or Blended Program or Essex Day or Evening/Weekend. Choices are made within the questions area of the SHP CAS application.

Application to the School of Health Professions (SHP) is a separate and competitive process from admission to CCBC. CCBC uses an outside vendor to manage the applications in the School of Health Professions Central Application Service (SHP CAS). The SHP CAS and CCBC are separate systems and do not share information. You must submit two applications and sets of transcripts, one to CCBC and one to SHP CAS. Send inquiries to shpseat@ccbcmd.edu.

Important Information

- The nursing program highly recommends that students complete all required non-nursing prior to beginning the program.
- In order to progress through and graduate from the nursing program, students must successfully complete all courses with a grade of "C" or better.

- If a student earned a D or F as the last grade in a prerequisite, even if the student is currently enrolled in the repeat, the student is not eligible to apply for the nursing program. The student must first replace the D or F grade with a passing grade. Once the new grade has been posted on the student's transcript, then the student will be eligible to apply during the following admission cycle.
- Students who have failed out of a nursing program or have earned two failing grades in another nursing program are not eligible to apply for admission to the CCBC RN program for a period of 3 years, counting from the semester of the failure.
 - Students who have a W, D or F in a Nursing course taken within 3 years of the program start **MUST** submit a letter or email directly from that program's Director stating that they are in good standing within the program and are currently admissible if they wish to be considered for a CCBC RN program.
- Applicants may apply to only one RN program per semester start. An applicant may not, for example, apply to both RN Blended at Catonsville and RN Days at Essex for the same start.
